## ABOUT ME

Passionated web developer using the MERN stack and TypeScript. Strong focus on building real, working products rather than just learning theory. Comfortable with MongoDB data modeling, REST APIs, and frontend performance optimization.

Known for disciplined self-learning, clear problem-solving, and the ability to pick up complex concepts through deep understanding, not rote memorization.

## EDUCATION

Lyallpur Khalsa College Technical Campus

2021-2025

**Btech CSE**

Govt Sr. Sec. School Pirthipur

2020-2021

## EXPERIENCE

**CodingZone Solutions**

Jan 2025 - July 2025

I took the six months Industrial training here in MERN stack where I build the Food Restaurant Web App . During this project I learned the different concepts and also knows how to debug while stuck anywhere.
