SUMMARY

I am a passionate Web Developer with 6 months of hands-on experience in building responsive and scalable applications using the MERN stack. I specialize in creating clean and user friendly interfaces with React and Tailwind CSS. Eager to learn and adapt, I constantly seek opportunities to grow by gaining knowledge from anyone—be it peers, mentors, or real-world projects. My approach combines technical proficiency with a strong curiosity for continuous learning.

EDUCATION

Lyallpur Khalsa College Technical Campus

July 2021 - June 2025

Btech CSE

WORK EXPERIENCE

CodingZone Solutions

Jan 2025 - July 2025

Here, I completed 6 months Industrial Training Program, where I learned a lot of things of technologies and also working on a project named as Food Restaurant Web App using MERN STACK.

SKILLS

- JavaScript
 - React
 - Redux
 - MongoDB
 - Express.js
 - Node.js
